STEVE CANNON

1928 - 2009

Steve Cannon, the legendary voice of WCCO Radio, passed away April 6, 2009 after a five-month battle with cancer at the age of 81. Born in Michigan, Cannon grew up in Eveleth on the Minnesota Iron range. He pursued an acting career before starting in radio in Mason City, Iowa, later moving to Bemidji, Stillwater, Duluth and Milwaukee before landing at KSTP-AM in the late 1950s. He worked for 13 years as a morning show host at KSTP-AM before joining WCCO Radio in 1971 where the "The Cannon Mess" was a hit for 26 years, a record in major market radio. Emanating from the "basement studios," the show was highlighted by his banter with Morgan Mundane, Ma Linger, and Backlash LaRue, characters that he performed himself, but so convincingly that many listeners thought they were real.

WCCO's 50,000-watt clear channel carried Cannon's voice over half of the U.S. and in five Canadian provinces. He also served the State of Hockey as play by play announcer for the University of Minnesota men's hockey team and color analyst alongside Al Shaver for Minnesota North Stars games. Cannon had television stints on KARE 11 and KSTP TV as well. He retired in 1997 after spending nearly 40 years on Minnesota airwaves.

MEDIA POLICIES AND PROCEDURES

ACCESS: The Minnesota Wild organization and Communications department strive to make its players, coaches, management and other personnel available in a timely and responsible fashion to all accredited members of the media.

CREDENTIALS: Press seating at Wild home games at Xcel Energy Center is available to accredited media in the Al Shaver Press Box located on the south side of the Xcel Energy Center's press level. Single-game credentials must be requested no later than 5 p.m., the day prior to a game played Tuesday through Saturday and by 3 p.m., Friday for a Sunday or Monday holiday game. Requests should be made in writing to Deb Hanson, Minnesota Wild, 317 Washington Street, Saint Paul, MN 55102; facsimile requests at (651) 293-9574 or e-mail requests at "dhanson@wild.com" will also be accepted. Single-game credentials may be picked up at the media entrance near Gate 1, located on the southeast entrance of the Xcel Energy Center on Kellogg Boulevard. The elevator to the pressroom and press box is located in the southwest corner of the Xcel Energy Center near Gate 2. Due to occasional limited press box seating, those requesting single-game credentials will be seated on an as-available basis, with preference given to the following: local daily newspapers and wire services, television stations with sportscasts, radio stations which use actualities, visiting media, national media. Next preference goes to other Twin Cities media including weekly newspapers, general topic magazines and television shows and any other media that have a specific assignment to cover a Wild game. Those persons holding full-season Wild or NHL Team Management credentials MUST enter through Gate 1.

MEDIA MEMBERS HOLDING SEASON PASSES SHOULD NOTIFY THE COMMUNICATIONS DEPARTMENT IF PLANNING TO COVER A GAME IN ORDER TO RESERVE SEATING. A MEDIA CREDENTIAL CANNOT BE USED TO SIT IN SPECTATOR SEATING AREAS.

DAY-OF-GAME INTERVIEWS: After completion of the morning skate, which typically begins at approximately 10:30 a.m. (for a 7 p.m. start), is the best time to interview players and coaches on a game day. Requests to interview a player upon his arrival to Xcel Energy Center for the game will be accommodated upon the player's and coach's approval and should be requested at the morning skate. If the team is not practicing, the request should be made to the Wild, or visiting team public relations department, no later than 10 a.m. on the day of game. The Wild Communications department cannot guarantee access to players or coaches if no practice is scheduled. Interviews that need advance preparation or special accommodation by a Wild player or Communications staff member, such as live or studio television interviews pre- and post-game, should be made by contacting the Wild Communications department no later than 10 a.m. on the day of the game.

DAY-OF-GAME PRACTICES: On home game days when the Wild choose to practice, they will typically take the ice at approximately 10:30 a.m. Media should plan on arriving by 10:30 a.m. for game-day practices. The visiting team's practice usually starts at 11:30 a.m. Call the Wild Communications department if there is a question regarding either team's practice schedule.

LOCKER ROOMS: NHL locker rooms close 90 minutes before game time. Requests for interviews to take place before the locker rooms are closed will be accommodated only upon prior approval by both the player and coach. The rooms will re-open five minutes after the game and remain open for 30 minutes. The officials' locker room is off limits to the media. Should a comment or interpretation from the game's referee or NHL supervisor be needed, contact a member of the Wild Communications department and a pool reporter may be assigned.

PHOTOGRAPHERS: Only those photographers on assignment will be allowed access to designated photography locations at rink level and in overhead positions. Xcel Energy Center spaces are accessible to local dailies, wire service photographers and local TV crews (for non-televised games). Two photography positions are reserved for Wild team photographers. Additional photography positions are determined on a first-come, first-served basis; however, in cases of increased photographer attendance, positions will be assigned by Dewayne Hankins of the Wild Brand Marketing staff and team photographer Bruce Kluckhohn. In all cases, photographers should check in with Dewayne Hankins or Bruce Kluckhohn in the pressroom before game time. Because of very limited photography locations, it is not possible to accommodate freelance photographers.

PRESS ROOM: Media possessing season credentials or those granted single-game credentials are invited to have a meal before each game in the press dining room, located on the lower level (Xcel Energy Center's south side). The Minnesota Wild will charge media $5 to eat a meal in the press dining room. A portion of the proceeds will be donated to the Minnesota Sports & Entertainment (MSE) Community Giving Fund. The room opens two-and-one-half hours before game time. Dining room usage is limited to those presenting valid Wild credentials or NHL Team Management passes. It is impossible to accommodate family members, friends, guests or others. Any abuse of dining room privileges may cause forfeiture of a media pass. Limited refreshments are also available during intermissions.

SERVICES: The Wild Communications department will furnish pregame press notes, lineups, press releases, complete statistics and other pertinent information in the pressroom and the press dining room. There are sufficient electrical outlets and telephones available in the press box and media work room (adjacent to the press dining room). Media interested in using the Xcel Energy Center wireless network can receive an access code from a member of the communications staff. Statisticians are available to assist radio and television broadcasters by contacting the Wild Communications department. These services must be made in advance, and once they are made, the statisticians must be compensated whether or not used.

TELEVISION COVERAGE: All television stations are prohibited by the National Hockey League from shooting and distributing game footage of any contest that is being broadcast from Xcel Energy Center by either the Minnesota Wild, the visiting team or network television. Requests for special features and the like should be directed to the Wild Communications department.

MEDIA PARKING: The amount of parking available to the media at the Xcel Energy Center is limited. The Wild Communications department will issue full-season parking passes only to those media expected to attend the majority of home games throughout the 2008-09 season. All other parking requests will be handled on a per-game basis and are subject to availability. Media parking will be located in the RIVERCENTRE PARKING RAMP across Kellogg Boulevard from the arena. The ramp has two entrances: on Kellogg Boulevard and on Exchange Street, which can be accessed via Eagle Street (at the Kellogg and West Seventh intersection). To enter the building, media should take the West elevator to Skyway Level and enter the arena at the skyway entrance to Gate 1. An alternate option is to cross Kellogg Blvd. and enter through the main entrance at Gate 1.

MSE

MINNESOTA SPORTS & ENTERTAINMENT

Minnesota Sports & Entertainment (MSE) is a premier sports and entertainment provider and has expanded into several different avenues of business operations. MSE was originally formed in 1997 by majority owner Bob Naegele, Jr. and a group of investors when they were awarded the rights to an expansion National Hockey League (NHL) franchise for the City of Saint Paul. The limited partnership owns the NHL's Minnesota Wild along with the AHL's Houston Aeros, Saint Paul Arena Company, which operates the Xcel Energy Center, Saint Paul RiverCentre and The Legendary Roy Wilkins Auditorium. In addition, MSE originally launched an expansion franchise in the National Lacrosse League, the Minnesota Swarm, which played its inaugural season at Xcel Energy Center in 2005.

Along with the Wild, the Swarm and the Saint Paul Arena Company, MSE has extended its business interests into the hospitality realm through its majority stake in Wildside Caterers. The limited partnership also owns and operates 317 on Rice Park, the former historic Minnesota Club, which has become one of the most intimate venues in the Twin Cities for wedding receptions, business meetings and other gatherings. Each of these entities offers a broad collection of entertainment, business and hospitality services and is committed to excellence and customer satisfaction.

The Minnesota Wild is the centerpiece of the business enterprise and is entering its ninth year in the Northwest Division of the NHL's Western Conference. The team has excelled both on and off the ice, and has quickly left its mark on the deep hockey traditions of Minnesota. On the heels of an improbable playoff run to the Western Conference Finals in 2003, the club served as host for the 2004 NHL All-Star Weekend and provided the exclusive U.S. host city for the World Cup of Hockey 2004. The Wild also continues to be committed to building a close relationship with its fans both on and off the ice.

The Wild play in the state-of-the art Xcel Energy Center located in downtown Saint Paul. In its inaugural season, the team and its fans set an NHL expansion team record for total attendance and, through its first eight years, has sold out every game. The facility has showcased the world's greatest hockey players as well as premier concerts, family shows and college and high school athletic tournaments.

The past few years have been busy ones for Xcel Energy Center, in addition to hosting the Republican National Convention, the venue welcomed the U.S. Figure Skating Championships in January 2008 and a rally for Barack Obama in June 2008. Xcel Energy Center also hosted the breathtaking Walking With Dinosaurs – The Live Experience, along with legendary artists Neil Diamond, Bon Jovi, Santana and Bruce Springsteen.

Saint Paul RiverCentre has been the venue of choice for major business, trade and civic gatherings, which have included appearances by President George W. Bush and Rudolph Giuliani. The Saint Paul Arena Company manages Xcel Energy Center and Saint Paul RiverCentre for MSE and The Legendary Roy Wilkins Auditorium for the City of Saint Paul.

By building on its core assets, MSE has expanded its operation into complementary lines of business that capitalize on its ability to provide venues for unique sports, entertainment and business experiences. Building winning relationships with guests, communities and partners is the foundation of MSE's success.

CRAIG LEIPOLD

OWNER & GOVERNOR

Craig Leipold is the majority owner and principal investor in Minnesota Sports & Entertainment (MSE), a regional sports and entertainment leader that includes the National Hockey League's Minnesota Wild, the Houston Aeros of the American Hockey League, Wildside Caterers, 317 on Rice Park and the facility management of Xcel Energy Center and the Saint Paul RiverCentre. He oversees the day-to-day business operations of the organization and also serves as the team's Governor at NHL Board of Governors' meetings. The NHL's Board of Governors officially approved Leipold's purchase of MSE on April 10, 2008.

Leipold's unwavering goal of bringing a Stanley Cup championship to the fans of the "State of Hockey" can be seen by his decision to hire Chuck Fletcher as the Wild's second General Manager in team history on May 22, 2009. Fletcher was the Assistant General Manager of the Pittsburgh Penguins 2009 Stanley Cup team.

Under Leipold's ownership, the Wild are dedicated to building a Stanley Cup contending franchise, playing an important role in the community through service initiatives, providing a fun and entertaining game-night experience and building strong relationships with their fans and corporate partners.

A resident of Racine, Wis., Leipold completed the sale of the Nashville Predators to a local ownership group on December 7, 2007, a team he owned since the expansion franchise was awarded to Nashville in 1997.

During his time as an NHL owner, Leipold has been a tireless advocate for the professional hockey industry. Appointed by NHL Commissioner Gary Bettman, Leipold serves on both the League's Executive committee and Audit committee. Steadfast in his belief that a new collective-bargaining agreement needed to give smaller markets like Nashville a chance to succeed economically and on the ice, he was a member of the League committee that negotiated the CBA with the NHL Players' Association in 2005. He is also a strong advocate for the new, more "fan-friendly" NHL, including the rule changes to promote a more entertaining competition and increased fan access to the product.

Craig and his wife Helen (Chairman and Chief Executive officer of Johnson Outdoors, Inc. and Chairman of Johnson Financial Bank Corp.) have five sons: Chris, Kyle, Connor, Curtis and Bradford.

MATT MAJKA

CHIEF OPERATING OFFICER

Matt Majka (pronounced MAY-kuh) begins his second season as Chief Operating Officer for Minnesota Sports and Entertainment (MSE) after being named to the position in October of 2008. During his tenure with the Wild, Majka has been instrumental in fostering the unique relationship between the hockey club and its fan base. The team's continued dedication to the fans of the "State of Hockey" was shown again when the Wild was named the "Best Stadium Experience" in the National Hockey League, according to ESPN The Magazine's "Ultimate Standings 2009" list. Minnesota also ranked second overall for "Stadium Experience" in the field of all 122 major league sports franchises.

Majka, 48 (10/21/60), came to the Minnesota Wild in October of 1997 from Rollerblade, Inc., where he started work in 1984. During his tenure, the privately held company grew revenues from $1 million to more than $200 million annually.

"The Minnesota Wild Foundation dedicates its unique resources to support children's medical causes, educational initiatives and to advance youth hockey throughout the State of Hockey."

Juxtaposed with the start of the new hockey season, the Minnesota Wild proudly introduces the new Minnesota Wild Foundation. Thanks to the generosity of our fans and devoted partners, the Minnesota Wild has always had the ability to make positive and lasting contributions to this community. And now, with the establishment of the new Minnesota Wild Foundation, together, we will continue to touch the lives of countless ill and underprivileged children and their families throughout "The State of Hockey" and continue to focus on building and enhancing key community relationships.

Since our inception in 2000, the Minnesota Wild has invested more than $3.5 million dollars back into the community. We have provided autographed and non-autographed merchandise for local fundraisers and benefits, made contributions to non-profit organizations, implemented successful events and provided awareness and brand connectivity for smaller non-profit organizations. We are proud of our players, who have made countless appearances and donated a considerable amount of time and dollars back into the community. Our front office staff volunteers hundreds of hours each year mentoring fourth grade students in a Saint Paul classroom. We will continue to administer our Wild About Reading program in Minnesota grade schools and support supplementary education based initiatives.

The Minnesota Wild Foundation will continue as the largest non-member funding source for Minnesota Hockey and will provide fundraising opportunities for youth hockey associations across the state. In addition, the Foundation will continue to make significant contributions to Children's Hospitals and Clinics of Minnesota and numerous other children's charities throughout the state.

As an organization, our work in the community and on the ice is never done. We pledge to continue raising funds and giving back to our community, while being inspired by our passion for hockey and our compassion for those in need.

TEAM IDENTITY

On Jan. 22, 1998, Minnesota and hockey fans all over the world were introduced to the Minnesota Wild. During a historic ceremony at Maplewood, Minnesota's Aldrich Arena, the organization revealed the name which was chosen from thousands of suggestions offered by Minnesota hockey fans over a six-month period.

In front of a capacity crowd of hockey fans young and old, the logo was unveiled on the side of a large puck which descended from above at center ice. The mark depicted the word "Wild" designed in an organic, naturalist form and included the team's official colors of Iron Range Red, Forest Green, Harvest Gold and Minnesota Wheat.

"We think it [Wild] represents what Minnesota hockey fans hold most dear — our rugged natural wilderness, the premier brand of hockey that's native to Minnesota and the great enthusiasm of all our hockey fans," said Minnesota Wild CEO Jac Sperling.

The Wild continued to honor the history and naturalistic tradition of the state of Minnesota when it unveiled its sweater on Nov. 18, 1999. Again, the club turned to its hockey roots by holding a ceremony to reveal the sweater at the Roseville Skating Center in front of a sold-out crowd of season ticket deposit holders. The crest of the jersey, one of the most unique and striking marks in all of professional sports, is a Minnesota Wilderness pictogram including a wild animal, the North Star, evergreen trees, a red sky, the sun and/or moon and a stream. It now appears on the front of the road sweaters. The road jersey is white, trimmed in Iron Range Red, Harvest Gold and Forest Green. The numbering and lettering on the jersey is tri-color with an organic design, which also ties into the overall wilderness theme the club has established.

In 2003, the Wild unveiled a third sweater – now the team's home jersey – inspired by the heritage and tradition of hockey in Minnesota. The jersey incorporated the same colors found in the club's original home and road editions. The main color is Iron Range Red, with Forest Green stripes highlighted by Minnesota Wheat trim on the bottom band and shoulders of the jersey. The new crest featured the team's traditional animal head mark in a classic chennile icon with the team name, Minnesota Wild, offset by a Harvest Gold North Star on each side of the logo. The new sweater paid tribute to the heritage of hockey with a traditional lace-up collar in Minnesota Wheat. Also, in keeping with the simplicity of design and vintage look of the new jersey, no shoulder patches were created.

The unique color scheme and logo, along with its connection with the roots of the game, has made Minnesota Wild merchandise one of the league's most popular among its fans. Over its first six seasons, the club has ranked in the top five among NHL teams in total merchandise sold throughout North America. In addition, each of the Wild's sweater designs has become a fan favorite throughout the world's hockey community and has ranked among the NHL's top sellers since its unveiling.

The Wild unveiled a new third jersey for the upcoming 2009-10 NHL season at a public event held at the Minnesota State Fair's FAN Central building on Aug. 30, 2009.

Based in the Wild's Forest Green with Wheat trim and a hint of Iron Range Red, the jersey's classic sports look was the overwhelming favorite of Wild fans surveyed during the summer of 2008. The jersey crest features a script "Minnesota" with "WILD" emblazoned below. The script look, including the classic "M", harkens back to historic Minnesota teams of the past including Minneapolis and Saint Paul teams of the 1930s and 1940s. The familiar "north star" element, borrowed from the primary Wild logo, dots the "I" and adds a decorative detail to the stylized "M".

KEVIN CONSTANTINE
HEAD COACH

Kevin Constantine is entering his third season with Houston after being named the seventh head coach in Aeros history on May 29, 2007.

Constantine, 50 (12/27/58), has been behind the bench as a head coach for more than 1,100 combined games, presiding over teams in the National Hockey League (NHL), American Hockey League (AHL), United States Hockey League (USHL), International Hockey League (IHL) and Western Hockey League (WHL).

Constantine led Houston to a 39-31-2-9 record (87 pts.) in 2008-09 securing the Aeros' 13th playoff appearance in 15 years. He also became the third coach in AHL history to win two game sevens on the road in the same playoff season, defeating Peoria in the West Division Semifinals followed by Milwaukee in the West Division Finals. The Aeros were eliminated in the Western Conference Finals by Manitoba in six games.

In 2007-08, his first year behind the Aeros bench, Constantine led the club to the franchise's best single-season improvement of 32 points. He tallied a 45-29-2-4 record (96 pts.) leading Houston to a third place finish in the West Division.

The native of International Falls, Minn., accrued a 159-153-66 mark in seven NHL seasons with San Jose, Pittsburgh and New Jersey. Two seasons after helping Kansas City claim the International Hockey League's Turner Cup championship in 1991-92; Constantine took over a Sharks team that won just 11 games the previous season. Constantine led San Jose to a 33-35-16 record in 1993-94 and a first-round upset of Detroit in the Western Conference Quarterfinals. He was the runner-up to current Minnesota Wild head coach Jacques Lemaire for the Jack Adams Trophy as the NHL's top coach, after the Sharks improved a league-record 58 points. Constantine is the only NHL coach to ever lead a pair of No. 8 seeds over a No. 1 seed, having also led Pittsburgh over New Jersey in 1998-99.

Constantine joined expansion Everett in 2003-04 and led the Silvertips to a 162-106-20 mark in four seasons. Everett won division titles in three of his four seasons there, and advanced to the WHL Final in its inaugural season, helping Constantine land Coach of the Year honors. Among the players under Constantine's tutelage in Washington include Ondrej Fiala, the Wild's second-round pick (No. 40 overall) in the 2006 NHL Entry Draft, and Peter Mueller, the eighth-overall pick by Phoenix in 2006.

Constantine also founded the North American Hockey League's Pittsburgh Forge in 2001. The Forge compiled an 80-24-8 record in his two seasons there. Eighteen Forge players earned Division I scholarships.

Constantine played amateur hockey at Rensselaer Polytechnic Institute in upstate New York and was Montreal's ninth-round pick (No. 154 overall) in the 1978 NHL Amateur Draft.

Constantine has three sons: Mathew, Jeffrey and Nicholas.

- The Wild finished the season 5-1-1 to reach the 40-win plateau for the third conseuctive season. Minnesota is one of 11 NHL teams to win 40 games in each of the last three seasons (Anaheim, Calgary, Carolina, Detroit, Montreal, Nashville, New Jersey, N.Y. Rangers, Pittsburgh and San Jose).
- Minnesota set franchise records with 20.1 PP% and 19.0 PP% on the road. The Wild also set a franchise record for best PK% (87.6) and road PK% (89.1). Minnesota is the second NHL team since the 1999-00 season to finish a season by killing at least 89.0% on the road. San Jose finished the 2007-08 season at 89.4%, the first time a team has finished at 89.0% or better since Ottawa (89.6%) and St. Louis (89.4%) in 1999-00. New Jersey holds the modern-day NHL record with 90.2%, allowing just 12 PPG on 123 chances. The Wild is the sixth team overall to kill at an 89.0% rate on the road.
- The Wild was 26-11-4 when scoring a PPG and 14-22-5 when failing to score a PPG.
- Mikko Koivu was named team captain for October, November, January and March/April. It marked the second time in team history a player has served as captain four times in a season (Bombardir 2002-03). He led the Wild in points (67), assists (47) and SHG (4). His 47 assists were the third-most by a Wild player in a single season – four off Pierre-Marc Bouchard's team record from 2007-08, and one off Andrew Brunette's second place total of 48, set in 2001-02. Koivu also recorded the 10th 60-point season in team history. Just two players have reached 70 (Marian Gaborik had 83 in 2007-08, and Brian Rolston had 79 in 2005-06). The Wild was 13-4-1 last season when Koivu scored a goal and 12-3-1 when he had two or more points. The Wild is 9-1-0 all-time when Koivu has three or more points.
- Kim Johnsson led the team and ranked tied for 21st in the NHL in TOI/game at 24:31. He logged a career-high 32:55 vs. NSH (4/10). Only Brent Burns (33:33, 1/3/09) and Filip Kuba (33:02, 12/26/02) have logged more TOI in a regular season game for the Wild. He reached the 30-minute mark five times and played 29 or more minutes 10 times. Johnson logged a franchise-record 1,987 minutes and skated in his 600th career NHL game at ATL (10/14).
- Marc-Andre Bergeron (14) and Marek Zidlicky (12) combined to become first pair of Wild defensemen to score 10 or more goals in single season. Only Brent Burns (15 in 2007-08) has more goals in team history from the blueline. Marek Zidlicky set franchise records for a defenseman with 10 PPG and 25 PP points (10-15=25) in a season.
- Niklas Backstrom finished third in the NHL in shutouts (8), tied for third with a 2.33 GAA, fourth in SV% (.924) and fifth in wins (37). He was the only goaltender to finish in the top five in each category. Backstrom set franchise records in wins, games played (71), career shutouts (17), shutouts at Xcel Energy Center (13) and made a team-record 20 straight starts 3/3-4/10.
- Owen Nolan became the fourth player in team history to record 25 goals in a season. Marian Gaborik did it five times, Brian Rolston scored 25 on three occasions, while Pavol Demitra scored 25 in 2006-07. He led the team in goals, power-play goals (12) and game-winning tallies (5). Nolan scored two goals vs. SJ (3/10) to become the 14th active player to reach the 400-goal plateau. He ended the 2008-09 season among active leaders in most major categories: Tied for 27th in games played (1,127), 14th in goals (406), ninth in PPG (151) 19th in points (852) and 10th in PIM (1,753).

DRAFT HISTORY

The Wild selected Nick Leddy with the 16th overall pick in the 2009 NHL Entry Draft.

DRAFT NOTES

- The Minnesota Wild first participated in the NHL Expansion and NHL Entry Draft in Calgary on June 24-25, 2000.
- The Wild selected Marian Gaborik as their first-ever pick at the 2000 Entry Draft first round, third overall.
- Minnesota picked a defenseman with its first pick for the first time in 2004 (A.J. Thelen, 12th overall). The club has used its first round pick to select a forward in six of its first 10 drafts.
- 21 of Minnesota's 77 total draft picks have played in a regular season Wild game (Gaborik, Schultz, Sushinsky, Bartos, Sekeras, Wanvig, Veilleux, Virta, Bouchard, Brandner, Burns, Koivu, Boogaard, Foy, Reitz, Harding, Olvecky, Pouliot, Sheppard, Clutterbuck and Gillies). Other Wild draft picks, Barry Brust and Patrick O'Sullivan, have appeared in NHL regular season games, both with the Los Angeles, while Ryan Jones played for Nashville.
- Gaborik was the highest Wild draft pick, selected with the third overall pick in the 2000 Entry Draft. Jean-Michel Bolduc is the lowest Wild draft pick, taken with the 281st pick in the ninth round of the 2003 Entry Draft.
- The Wild have selected six Minnesota natives: Nick Leddy (2009), Kyle Medvec (2006), Chris Hickey (2006), A.J. Thelen (2004), Michael Erickson (2002) and Jake Riddle (2001). Leddy, Medvec and Hickey are still with the organization.

ORDER OF SELECTION FOR ENTRY DRAFT

The NHL's annual Draft Drawing is a weighted lottery system to determine the order of selection for the first 14 picks of the 2010 Entry Draft.

The 14 teams that did not qualify for the Stanley Cup Playoffs, or clubs that acquired those clubs' 2010 first-round draft picks, participate in the Drawing.

The Club selected in the drawing may not move up more than four positions in the draft order, thus only the five Clubs with the fewest regular-season points have the opportunity to receive the first overall selection.

No Club can move down more than one position as a result of the Draft Drawing.

In the first round of the 2010 Entry Draft, the order of selection is as follows:

a) The first 14 selections, as determined by the Draft Drawing (see above);

b) Clubs eliminated in the first two rounds of the 2010 Stanley Cup Playoffs, regular-season division winners excluded, in inverse order of points;

c) Regular-season division winning clubs eliminated in the first two rounds of the 2010 Stanley Cup Playoffs, in inverse order of points;

d) Clubs eliminated in the 2010 Conference Finals, in inverse order of points;

e) Stanley Cup finalist

f) Stanley Cup champion

In the second and subsequent rounds the order of selection is as follows:

a) Non-playoff clubs in inverse order of points;

b) Clubs eliminated in the first two rounds of the 2010 Stanley Cup Playoffs, regular-season division winners excluded, in inverse order of points;

c) Regular-season division winning clubs eliminated in the first two rounds of the 2010 Stanley Cup Playoffs, in inverse order of points;

d) Clubs eliminated in the 2010 Conference Finals, in inverse order of points;

e) Stanley Cup finalist

f) Stanley Cup champion

ENTRY LEVEL PLAYERS

1. Players 18 through 21 years of age when signing their first contract must remain in the entry-level system for a period of three years; players age 22 and 23 when signing their first contract are in the entry level system for two years; while those age 24 when first under contract are in the entry level system for one year. Age is defined as the player's age on September 15 of the calendar year in which he signs the contract, regardless of his actual age on the date he signs such contract.
2. In the event that a signed 18 or 19-year-old player does not play a minimum of 10 NHL games (regular season and/or playoffs) in his first season under contract, the term of his player contract and his number of years in the entry level system will be extended for a period of one year. The exception to this is a 19-year-old player who turns 20 years of age between September 16 and December 31 in his first contract year.
3. In the event that a player signs his first contract at age 18 and has had his Player Contract extended for one season already, and such player does not play at least 10 NHL games (regular season and/or playoffs) in the second season under that player's Player Contract, then the term of his Player Contract and his number of years in the Entry Level System shall be extended for one additional year.

23-MAN ROSTER

There may be a maximum of 23 players on each Club's playing roster at any one time from the commencement of the NHL regular season through the trade deadline. Prior to the start of the season, each Club must submit to the NHL its "Opening Day Playing Roster" which shall be comprised of not more than 23 players. Each Club must have a roster of at least 20 players, composed of 18 skaters and two goaltenders. Players on Injured Reserve do not count in the 23-Man Roster limit.

INJURED RESERVE LIST

In the event that a player is injured and a Club wishes to place him on the Injured Reserve List, the Club must follow these procedures.

1. A Club may place a player on the injured reserve list if such player is injured, disabled or ill and unable to perform his duties as a hockey player after having passed the Club's initial physical examination in that season.
2. A player who has an injury that renders him physically unable to play for a minimum of seven days after that date of the injury can be placed on the Club's Injured Reserve List. Once a player is placed on the injured reserve, the Club may replace said player on its NHL roster with another player. All determinations that a player has suffered an injury warranting injured reserve status must be made by the Club's medical staff and in accordance with the Club's medical standards.
3. A player placed on Injured Reserve is ineligible to compete in NHL games for a period of not less than seven days from the date of injury.
4. Players on Injured Reserve may attend Club meetings and meals, travel with the Club and participate in practice sessions.
5. Players on Injured Reserve are prohibited from appearing in games, participating in pre-game warm-ups with their Clubs, or dressing in game uniforms on game days.

REGULAR SEASON WAIVERS

For purposes of Regular Waivers and Re-Entry Waivers, the five (5) year exemption for an 18 year old skater and the four (4) year exemption for a 19 year old skater shall both be reduced to three (3) years commencing the first season that the 18 or 19 year old skater plays in eleven (11) NHL Games or more. The next two (2) seasons, regardless of whether the skater plays any NHL Games in either season, shall count as the second and third years toward satisfying the exemption. For purposes of Regular Waivers and Re-Entry Waivers, the six (6) year exemption for an 18 year old goalie and the five (5) year exemption for a 19 year old goalie shall both be reduced to four (4) years commencing the first season that the 18 or 19 year old goalie plays in eleven (11) NHL Games or more. The next three (3) seasons, regardless of whether the goalie plays any NHL Games in any of those three (3) seasons, shall count as the next three (3) years toward satisfying the exemption.

The first season in which a Player who is age 20 or older plays in one (1) or more Professional Games shall constitute the first year for calculating the number of years he is exempt from Regular Waivers and Re-Entry Waivers.

A Player 25 years old or older who plays in one (1) or more Professional Games in any season shall be exempt from Regular Waivers and Re-Entry Waivers for the remainder of that season.

TIE-BREAKING PROCEDURES

At the conclusion of the regular season, the standing of the teams in each Conference shall be determined in accordance with the following priorities in the order listed:

a) First place in each of the three (3) divisions seeded 1, 2, and 3.

b) The higher number of points earned by the Club.

c) The greater number of games won by the Club.

d) The higher number of points earned in games against each other among two (2) or more Clubs having equal standing under priority (b) and (c) **

e) The greater differential between goals scored for and against by Clubs having equal standing under priority (d).

*** NOTE: For the purpose of determining standing under priority (d) for two or more tied Clubs that have not played an even number of games with one or more of the other tied Clubs, the first game played in the city that has the extra game (the "odd game") shall not be included. When more than two Clubs are tied, the percentage of available points earned in games among each other (and not including any "odd games") shall be used to determine standing.*

HOW TO DETERMINE

ASSIST

An assist is awarded to the player or players (maximum of two) who touched the puck prior to the goal, provided no defender plays or possesses the puck in between.

GAME PLAYED

A player receives credit for playing in a game if: 1.) he steps on the ice during time played or; 2.) serves any penalty.

GAME-WINNING GOAL

After the final score has been determined, the goal which leaves the winning Club one goal ahead of its opponent is the game-winning goal (example: if Team A beats Team B 8-3, the player scoring the fourth goal for Team A receives credit for the game-winning goal).

GOAL

A goal is awarded to the last player on the scoring Club to touch the puck prior to the puck entering the net.

GOALS-AGAINST AVERAGE

Multiply goals allowed (GA) by 60 and divide by minutes played (MINS).

GOALTENDER

A goaltender receives a "W" for a win in regulation, overtime or shootout; an "L" for a loss in regulation; or an "OT" for a loss in overtime or shootout.

PENALTY-KILLING PCT.

Subtract total number of power-play goals allowed from total number of shorthanded situations to get total number of power-plays killed. Divide the total number of power-plays killed by the total number of shorthanded situations.

PLUS-MINUS

A player receives a "plus" if he is on the ice when his Club scores an even-strength or shorthand goal. He receives a "minus" if he is on the ice for an even-strength or shorthand goal scored by the opposing Club. The difference in these numbers is considered the player's plus-minus statistic.

POWER-PLAY GOAL

A goal scored by a Club while it has a manpower advantage due to an opponent's penalty. Following are some examples of what is and is not considered a power-play goal:

- if a Club has an advantage on a minor penalty starting at 2:02 of the period and it scores at 4:02, the goal is not a power-play goal.
- if a Club scores on a delayed penalty, the goal is not a power-play goal.
- if a Club has an advantage due to a five-minute major or match penalty, that Club is always credited with having one more advantage than the number of power-play goals it scores during that advantage, because the penalty does not expire. A new advantage begins after each power-play goal. For example, if Team A scores three goals during a major penalty, it is credited with four advantages.
- if a Club is on a power-play for any length of time, it is considered to have had an advantage.
- if a minor penalty is incurred by a Club on a power-play due to a major penalty, a new advantage is given to that Club when its minor penalty expires, provided the opponent's major penalty is still in effect.

POWER-PLAY PERCENTAGE

Total number of power-play goals divided by total number of power-play opportunities.

SAVE PERCENTAGE

Subtract goals allowed (GA) from shots against (SA) to determine saves. Then divide saves by shots-against.

SHOOTING PERCENTAGE

Divide the number of goals scored by the number of shots taken.

SHORTHAND GOAL

A goal scored by a Club while it is at a manpower disadvantage. The same cases apply for shorthand as for power-play goals, but in the opposite manner.

SHOT ON GOAL

If a player shoots the puck with the intention of scoring and if that shot would have gone in the net had the goaltender not stopped it, the shot is recorded as a "shot on goal".

SHUTOUT

If two goaltenders combine for a shutout, neither receives credit for the shutout. Instead it is recorded as a Club shutout.

TENTHS OF A SECOND

If a penalty or goal occurs in the last minute, the time is rounded off to the previous second

(ex: if a penalty is called with 12.4 seconds left in a period, the time is indicated as 19:47 and not 19:48.)

COACHES RECORD

A coach receives a "W" for a win in regulation, overtime or shootout; an "L" for a loss in regulation; or an "OT" for a loss in overtime or shootout.

*** NOTE: No individual skater/goaltender statistics apply for the shootout*
